

# SHELTER WALL FRAME

P/N: 2934

## THE FLEXI SUPPORT

Are a series of products designed for installation of Nokia Siemens flexi modules. The modules can with Cue Dee:s brackets be installed on masts, walls, roofs etc. to cover all your needs.

## FLEXIBILITY

If installed on a tower or mast the flexi support can handle a wide range of all common frame leg designs, round, square, angle etc.

## QUALITY

All components are made of anodized aluminium and stainless steel which gives the support excellent corrosion resistance.

## EASY ASSEMBLY

The choice of materials makes the product very light which makes the handling and installation very easy.
