

SMALL CELL BRACKET

P/N: 7611

Small Cell Bracket is designed for installation of one NSN Small Cell unit on wall or vertical structures.

FLEXIBILITY

The Small Cell Bracket allows the Small Cell unit to be tilted up to 15 degrees and panned up to 30 degrees. The bracket is prepared to be mounted to a wide range of vertical structures by using hose clamps. Together with the Chain Bracket Small Cell Holder it can be mounted on the Cue Dee Chain Bracket system.

QUALITY

All components are made of anodized aluminium or acid proof stainless steel which gives the support excellent corrosion resistance.

EASY ASSEMBLY

Installation is very easy thanks to its flexible design and the cup head square neck bolt which gives you a free hand when tightening the bolts.

FUNCTION DESCRIPTION

Small Cell Bracket for installation of one NSN Small Cell unit on wall or vertical structures. The bracket fits the NSN Small Cell unit also when an adapter plate or a breaker box is mounted on the unit.

MECHANICAL DATA

Profiles: Aluminium, nature anodized 20µm
Fasteners: Acid proof stainless steel
